Sterno CandleLamp

The Perfect Stage for a Delicious Performance

The exclusive line of contemporary, commercial quality **WindGuard**™ Fold-Away Chafing Dish Frame from SternoCandleLamp are sturdy, stylish and stackable! They look great indoors, but perform like pros at outdoor events — with a full panel design keeps food hotter, uses less chafing fuel, and keeps the flame from blowing out in the windiest of conditions.

LITTLE HERCULES Canister Vacuums

Powerful Small Canister Vacuum on Wheels

The “Little Hercules” compact design, powerful suction, and low maintenance disposal system provides a great solution for when an extra vacuum is needed. The Little Hercules is a handheld canister with wheels that puts dust busters to shame! It is ultra-portable and super-powerful. It has 5 foot extension hose, and suction control provides versatility for all surface types. It also has 2-in-1 floor tool and two extension wands for those hard to reach places and a 15 foot power cord and a carry handle for easy use. Permanent wheels for easy maneuverability (2 rear wheels with a steering wheel).

The Andersen Waterhog™ Mat SAND and WATER Test

The importance of an Andersen Matting system for your business

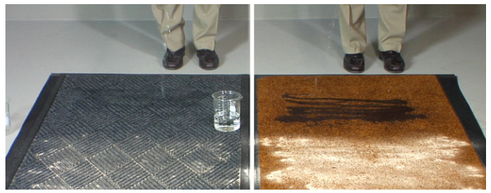
- 70% to 80% of dust, dirt and grime are tracked in from outside on people's feet, permanently damaging floors and interior surfaces
- It is estimated that the cost to find and remove a single pound of dirt from a building can run in excess of $600 in cleaning costs. As few as 150 people entering a facility can track in one pound of dirt in a 5 day work week... costing over $30,000 annually to remove.

- Waterhog™ Scraper/Wiper entrance mats are manufactured with a rubber reinforced bi-level face construction to effectively filter dirt and moisture at the door
- A high performance mat system that includes Waterhog™ Scraper/Wiper mats can stop over 80% of the dirt and moisture from entering buildings, significantly reducing maintenance costs and damage to your facilities' floors

Testing procedures

The demonstration pictured here was designed to compare characteristics of a Waterhog™ mat with permanent bi-level reinforced face pattern and a typical finishing/rental mat that does NOT have a bi-level construction.

STEP 1 - 1 cup of sand is poured on the Waterhog™ 3' x 5' mat and a cup of sand is poured on a finishing/rental 3' x 5' mat



STEP 2 - 2 cups of water are poured on a each mat

STEP 3 - Three people walk across each mat onto a grey fabric

RESULTS - A picture is worth a thousand words! Far more sand tracked off the finishing/rental mat than the Waterhog™ mat

CONCLUSION - The bi-level scraping surface of the Waterhog™ mat filters more sand from shoes than finishing/rental mats that do not have bi-level construction. This reduces maintenance costs, improves indoor air quality and protects floor surfaces from premature wear.

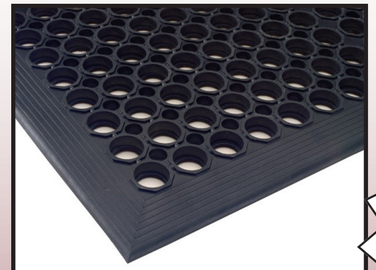
Andersen Mats

Waterhog Mats

- 24 oz.sq/yd solution-dyed polypropylene fabric is highly stain resistant
- 3/8" thick bi-level surface effectively removes and stores dirt and moisture beneath shoe level between cleanings
- Rubber reinforced face nubs prevent pile from crushing extending performance life of product
- Unique "Water Dam" allows the Waterhog mat to hold up to 1 1/2 gallons of water per square yard, water and dirt stay on the mat
- Anti-Static
- Recommended for commercial buildings, hotels, restaurants, healthcare facilities, office buildings and more.

AND-200-154 Charcoal 3x5 Waterhog Mat
AND-200-160 Burgundy 3x5 Waterhog Mat

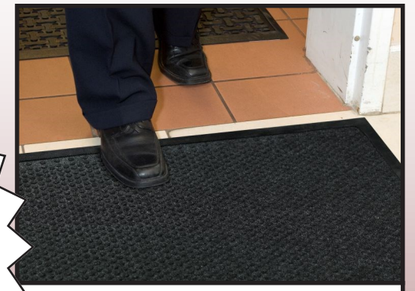


Comfort Mate Anti-Fatigue

- Grease-resistant
- Ramp borders for smooth transition from mat to floor
- Designed with large holes for maximum drainage
- Recommended for kitchen and industrial applications

AND-301 3x5 1/2" Thick Beveled Mat

Always in Stock



Grease Hog

- Wiper/Slip Resistant Indoor Mat
- Use in transitions from kitchens to dining areas to stop tracked in grease
- Permanently molded bi-level pattern on carpet provides an anti-slip surface
- ¼" thickness: easy to clean and dry
- Low profile reinforced borders allow carts to cross easily

AND-883 3x5 Grease Hog Mat

MERCER® Innovations for Chefs®

Petites® by WNA

Tiny Treasures, Infinite Possibilities

Round and Square Mini Glasses

Round and Square Tasting Glasses make a distinct display, are sized for portion control. These containers offer a unique opportunity to showcase colorful layers of flavor. From liquor to parfaits and from shrimp cocktails to soup shooters, the versatile tasting glasses are a must-have for small plate service.

These versatile pieces are an elegant enhancement for creative displays of tasting menus, appetizers and condiments as well as at serving stations and dessert bars.

5” Asian Spoon

The Asian Spoon serves as an inspired handled dish with dramatic lines. Ideal for individual portions or as a unique accompaniment for larger plates. It adds a hint of exotic flair when filled with chutney, salsa or other condiments along side an entrée.

2 oz. Martini

The Petites® Martini is a chic and stylish presentation for a range of versatile applications. It is not only perfect for mini cocktails and beverage sampling, but it is also a trendy, creative way to present appetizers, side dishes and desserts.

4.2” Reflections™ Fork and Spoon

The silver sparkle and elegant fluted handle of the Reflections™ Tasting Fork and Spoon adds a touch of sophistication to appetizers, small plates, individual servings and condiments.

4.2” Tasting Fork and Spoon

The Tasting Fork is an elegant alternative to everyday picks and skewers and the size is well-suited for use as a utensil with gourmet tid-bits. The Tasting Spoon is useful for condiments and ideal for smaller portions of mousse, soup, fruit salad and much more!

Capitalize on hot trends without the hassles of renting or owning. Single-use products are ideal for offering new and diverse menus as they provide all the performance and appeal of permanent products without the long-term investment, accidental disposal, breakage, clean-up and transport.

2.5” Square Dish

The stylish mini-Square Dish had endless possibilities. Individually, the dishes can be used for ‘small plate’ cuisine from appetizers to desserts. Grouped on a square Milân™ plate, a full meal palette can be created. Added to plates and serving trays, they serve as elegant condiment dishes to frame culinary creations.

Small Bowls

The Petites® unique shape makes a distinct display. From appetizers to desserts, the versatile 1.9 oz. Petites® bowls offer endless possibilities; from a creative twist to condiments, dressings, salsas and dips or grouped together for an entire presentation or meal.

For a wealth of tabletop presentations mix and match Petites® with other WNA products. Coordinating products include Caterline® trays, Milän™ plates, Classic Crystal™ tumblers and stemware and Reflections™ single-use silverware.

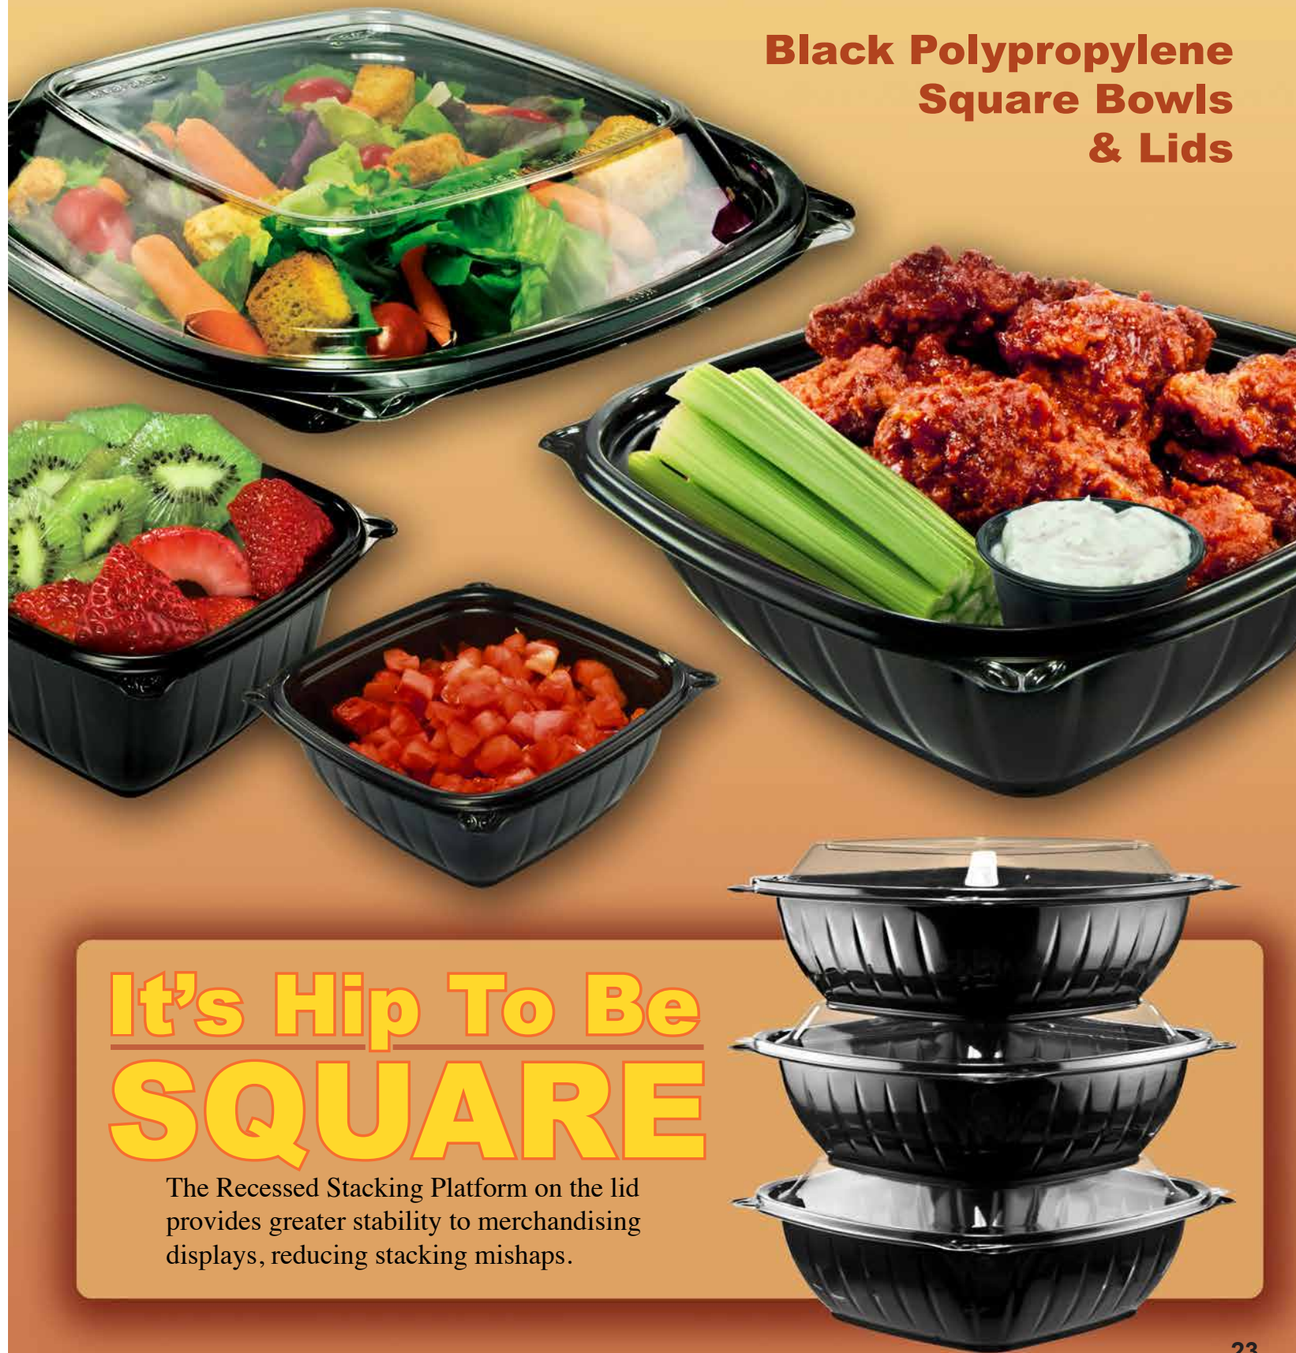
DART®

PresentaBowls Pro™

Black Polypropylene Square Bowls & Lids



It’s Hip To Be SQUARE

The Recessed Stacking Platform on the lid provides greater stability to merchandising displays, reducing stacking mishaps.

DART

PresentaBowls Pro™

Black Polypropylene Square Bowls & Lids

Dart's new PresentaBowls Pro™ line offers incredible versatility for users with its wide array of sizes and ability to accommodate both hot and cold food applications.

Made from polypropylene (PP), the bowls resist cracking and breaking and are microwaveable. The upscale appearance and the crystal-like design enhance the image of any business. The dome lid provides product visibility, increasing impulse sales, and is available in PET or PP.

- 2 lid sizes fit 7 bowls
- Use for hot or cold applications
- Microwaveable bowl and lid
- Perimeter seal prevents leaks
- Stacking ability
- Vented PP lid
- Clear PET lid
- Self-aligning offset opening tabs

MILäN™ Serving Trays by WNA™

SQUARE WITH FLAIR

With MILÄN™ Square Platters, WNA brings one of the hottest trends to the table.

Efficient by Design

Milän™ Trays are not only stylish, they are also more efficient. Square trays offer all the usable display area while occupying **less space** than traditional round trays!

Milän™ Tray	Equivalent Round
Small (10.5”)	12”
Medium (11.8”)	14”
Large (13.9”)	16”
X-Large (15.8”)	18”

Milän™ trays are a stylish alternative to round trays that add pizzazz and impart increased value to food displays.

Milän™ trays:

- Combine with square **Milän™** dinnerware to create a coordinated display: Mix and match black and white for a stunning presentation.
- Are the ideal backdrop for presentations of multiple **Petites™** mini-portions.
- Are made from strong, rigid plastic that can be loaded and transported with confidence.
- Utilize sturdy PET domes that offer a stacking feature for secure transport.

Disposable platters from WNA alleviate all the hassles of permanentware (transportation, clean up, and breakage) and facilitate take-away business while emulating the elegance of fine porcelain and china for an upscale presentation.

HIGHLIGHTS

- **Utilizes the powerful waste digesting abilities of specifically selected beneficial microbial cultures, and the natural enzymes produced by these cultures.**
- **Destroys odors naturally without the need of a fragrance or masking agent.**
- **Breaks down proteins, carbohydrates, animal and vegetable fats, oils, and cellulose for effective waste digestion and odor reduction.**
- **Eliminates carry over and odors in grease traps and reduces the need for pump-outs.**

DESCRIPTION

This product is a liquid concentrated microbial cleaner for use on hard surface floors such as quarry tile and concrete in commercial kitchens and other food preparation areas. It combines biodegradable surfactants for immediate cleaning and a blend of specifically selected microbial cultures that penetrate deep into tile pores for the breakdown of residual organic material. The cleaner is recommended to be emptied down the drain line where it will offer an effective drain and grease trap treatment. Regular use prevents grease build-up, reduces slippery floor surfaces, maintains a sanitary and odor-free floor, reduces organic material buildup in drains and eliminates conventional hazardous cleaners.

DIRECTIONS: Product must be diluted before use. Mix 4-8 ounces of this product per gallon of water before use. Clean or mop area. No rinsing necessary.
