Ready-to-Use in Style!

WNA offers an additional way to capitalize on the overwhelming popularity of Reflections™, the patented single-use silverware.*

Reflections™ Rolls, which offer premium performance with disposable convenience, are now also available with Reflections™ fork and knife only. Preassembled disposable sets include upscale Reflections™ fork and knife enclosed in a linen-quality white dinner napkin and sealed with an elegant band. Ready-to-use sets eliminate preparation time, reducing the high cost of labor, without compromising an upscale presentation.

With convenient case packs comprised of four 30-count bags, planning for various sized events is easy.

Offering the same shine and silver-sparkle as stainless steel cutlery, Reflections™ is the only solution addressing both the need for a formal presentation with the high costs associated with renting or owning (cleaning, transporting, and replacing) permanent flatware.

Reflections™ provide a unique and elegant alternative to disposable black or white cutlery.

Reflections™ BY WNA

*New REFROLL2
Fork and Knife
in Linen-Quality
Napkin*

Reflections™ Rolls coordinate well with the wide range of dinnerware options from WNA, including Masterpeice™ Silver Collection and Premiere, Milän™, Classicware®, and Designerware™.

CaterLine®
Contours™

The new CaterLine® Contours™ Thermoformed Square Trays & Dome Lids offer an attractive, contemporary design utilizing shelf space more efficiently, while providing the strength, crack & crush resistance and visual appeal of PET.

The new trays and domes complement well the CaterLine® Contours™ salad bowl line providing a unique, upscale family look.

Ideal for supermarkets, delis or any catering event, the new trays securely stack providing confident transport, while the domes also fit our Milan™ rigid square tray line for single-stocking convenience and versatility.

BAGASSE CONTAINERS & DINNERWARE

Using Mother Nature's every resource, Karat® Earth Bagasse Containers & Dinnerware are great for holding all of your delicious foods, including hot and cold items. The containers are made with bagasse, which is the sugarcane fibers left over after sugar extraction. These fibers are strong and durable and make a great source of sustainable material for food packaging. Choose Karat® Earth's line of BPI® Certified hinged containers, plates, and bowls and make the sustainable choice today!

key features

- Sturdy and strong structure
- Compostable material
- Microwave safe
- Great barrier for liquid foods - soak resistant

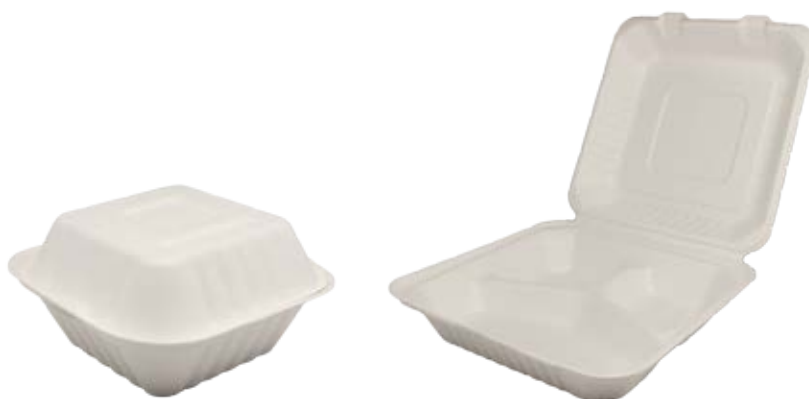

COMPOSTABLE IN INDUSTRIAL FACILITIES

Hoffmaster's Earth Wise® Tree Free® tableware items are made from bagasse, the natural by-product of sugar production. Earth Wise® Tree Free® products are an affordable alternative to tree-based paper, plastic or foam products.

Earth Wise® Tree Free® tableware items by Hoffmaster®:

- Have plates available in both the popular round shape as well as an upscale square shape for catering events.
- Are cut resistant and leak proof for optimum performance.
- Have a stackable lid, which easily snaps on to the 9-3/4" square plate and is 2" high to hold a dozen cookies or other catered items.
- Include a unique flared rim bowl for easy handling.

Environmentally Friendly Tableware

From this

Our products do not use any
PLASTICS or TREES

To this in 120 days

So really...What are Green Wave products made from?

Once food and fuel resources are harvested from only rapidly renewable raw materials (bamboo, sugarcane, wheat stalk & corn), Green Wave uses what's left to produce certified, 100% compostable tableware. Our products do not use any plastics or trees.

Our products do not use any
PLASTICS or TREES

Green Wave compostable and biodegradable products are made of health-friendly, sustainable natural fiber, such as sugarcane, bamboo, grass and reed plasma.

These raw materials grow abundantly, allowing us to produce high quality, compostable tableware and take-out packaging without exploiting the environment or disturbing the ecological system.

Green Wave products withstand hot & cold temperatures and are the ideal substitute for Styrofoam, plastic and other polluting substances.

BAMBOO

Plentiful and one of the fastest growing Plants in the world.

CORN

Corn is produced on every continent of the world except Antarctica.

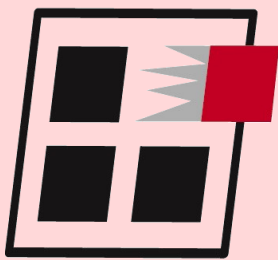

SUGARCANE

The world's largest crop.

WHEAT STALK

World trade is larger than all other crops combined.

100% Plant-Based. 100% Good For Your Business.

Greenware® cold drink cups, lids and portion containers.

Greenware® premium cold drink cups, lids, portion containers and inserts are made entirely from plants – not petroleum. And research shows that's something consumers look for in the restaurants they frequent. Sturdy, crystal-clear Greenware® is made from Ingeo™ biopolymer, a PLA resin derived from plants and is 100% compostable.* Show customers you're doing the right thing with Greenware®.

Greenware® cold drink cups. With smooth rolled rims for drinking comfort. Pair with leak-resistant, snap-fit lids in choice of styles.

Greenware® portion cups. Crystal-clear for total product visibility with leak-resistant lids that make containers stackable.

Greenware® cup insert. Makes convenient grab 'n go food combinations a snap to create and sell.

Choose the Greenware® stock print option and send a powerful message to your customers. Or custom print Greenware® products with your logo and message.

* BPI certified to be 100% compostable in actively managed municipal or industrial facilities, which may not be available in your area. Not suitable for backyard composting.

Beautiful. Versatile. Sustainable.

DURABILITY WITH VERSATILITY

Wide Formed Rim – Gives excellent rigidity to the container making it durable for heavier foods such as hard-packed ice cream

Dual Temperature Usage – Multi-purpose, double-sided poly container that can be used for both hot and cold applications with a maximum temperature of 205°F

Portion Control – Flush fill capacity on all sizes, except the 32 oz., to reduce food costs and increase profits

Flexstyle® Double-Sided Poly Paper Food Containers

Flexstyle containers are just that – flexible! These durable containers are made with a double-sided polyethylene material so they can be used for either hot or cold food applications! Perfect for hot take-out items like soup or for storing ice cream in the freezer, this multi-purpose container offers something for everyone! Our only paper food container line available with spiral wound paper lids, and in combo packs, for a comprehensive paper solution.
